## **ACCESS/EGRESS TO SHRIMPTON CLOSE**

- Access to the site can **ONLY** be gained from the A28 Canterbury Road.
- From the A28 vehicles should turn into Shalmsford Road and remain on this road until they arrive at the junction with Selling Road, Cobbs Hill and Long Hill.
- Vehicles should turn right at the junction into Selling Road.
- Shrimpton Close is a few 100 meters up the road on the left hand side.
- Upon leaving the site the reverse of the above route should be followed.

**This route must be adhered to. All other access roads are too narrow.**

**Failure to comply with this route could result in the termination of the order.**
